## EXPECTATIONS AND RULES

*All expectations & rules apply to single students & commuters living in Kelly Hall and Melzoni-Alumni Apartments*

### RESIDENCE LIFE

Resident life in Kelly Hall & Melzoni-Alumni Apartments is meant to provide not only a place for sleep and study but also an environment for personal growth of the student in all areas of his or her life. Learning to live in a community with appropriate interactive skills is a vital aspect of college education. All guidelines for residential life are provided in this handbook and disseminated to new students upon moving into single student housing.

### RESIDENCE LIFE - STAFF

While much of the growth process during college happens on its own, the residence hall staff, consisting of the Student Life Directors and Resident Assistants, has been selected and trained to help maximize the potential of the residence experience. Through leadership experiences, floor meetings, joint hall meetings, Bible studies, social activities, personal counseling, and other activities, the residence hall staff helps the college achieve its goal of educating the whole person.

**Resident Assistants (RAs)** are student members of the residence hall staff. They are selected because of their desire and ability to serve their fellow students. As staff members, RAs serve as examples, communicators, and catalysts for ideas and activities for our campus. Those interested in becoming a RA can apply through the Financial Aid office.

### GENERAL DISCIPLINARY GUIDELINES

### GENERAL RESIDENT INFORMATION

Tampering with college property is prohibited. Fire equipment is to be used only for intended purposes. Because of potential damage to people and property, playing sporting-type events, throwing balls or other objects, general rowdiness or roughhousing in the buildings is prohibited. For similar reasons, water fights and the use of bicycles, skateboards, roller skates and roller blades are also prohibited inside college buildings. Violation of the above guidelines will result in fines, damage charges, and disciplinary measures. General standards of conduct are addressed in the Student Handbook and should be followed.

### DECORATING AND ALTERING ROOMS

Personalization in decorating is encouraged. However, residents are expected to accept the responsibility for the maintenance of their rooms and for damages and replacement of missing items. Items that advertise or suggest themes contrary to the values and standards of Clear Creek are not to be displayed in student rooms or on college property.

Adequate furniture is provided in each room. **Furniture that is provided with the room must remain in the room; there are no storage facilities for furniture.** Space is limited, therefore no furniture (other than a bookshelf and chair) is permitted to be moved into student rooms. All personal furnishings must comply with state fire safety codes and must be removed when vacating student housing. Any furniture left after checkout becomes the property of Clear Creek and may be disposed of as the college sees fit. Excessively heavy items are not permitted in student rooms. Room clutter should be kept to a minimum.

Hanging items on walls must be done in such a way as to not damage the wall or paint.. **Two sided adhesive tape such as “3M Command Strips/Hooks” or any similar two sided adhesive tape is prohibited on the walls** but is allowed on the back of the door and side of the wardrobe. Clear scotch tape (not packing tape) is recommended for hanging posters on walls. Thumb-tacks and small nail hooks can be used to hang items on walls but not on doors, door frames, furniture and etc. Heavy items should not be mounted on the walls. Posters, signs, and etc. are not permitted on the outside of door. See Director of Student Life for guidance. Residents will be charged for damage to room walls, windows, and doors.

**Students are prohibited from making "home improvements" to college property without the written approval of the Director of Student Life. This includes, but is not limited to such things as painting walls or furniture, altering furniture, attaching cupboards or shelving to walls, replacing flooring, etc.** Painting or making other changes without written approval will result in loss of security deposit and possibly additional fines for repair. Any improvement made to college-owned housing becomes the property of the college.

### **DAMAGES**

Residents will be financially liable for any damage they inflict upon college property. Other disciplinary measures may also be taken.

### **ROOM CHANGES**

All room changes must be cleared through the Director of Student Life. If a room change is approved, students making a room change will be assessed a \$20.00 fee that must be paid in advance. Room changes will only be approved under certain circumstances.

### **KEYS AND LOCKS**

Room keys will be issued when students check in. The keys must be returned at the end of the college year or when checking out. Failure to return keys when checking out results in a charge of \$15.00 per key. Lost keys should be reported to the Director of Student Life immediately. The cost for the replacement of a lost key is \$15.00 each. Students are not permitted to duplicate room keys.

### **QUIET HOURS**

There are some responsibilities which students living in academic communities have for one another. The close proximity of living quarters requires that certain hours be regarded as "quiet hours." The designated "quiet hours" are from 10:00 p.m. to 7:00 a.m. During this time conversation, music, musical instruments, and televisions are to be held at a level that cannot be heard outside of the room.

During non-quiet hours one's neighbors should be respected. If music or other noise can be heard outside a student's room he or she may be asked to turn it down. Students desiring to listen to loud music are encouraged to use headphones. See Entertainment and Musical Instrument policy on p.8 for more information.

It is hoped that students will be able to work out any breach of this mutual respect for one another among themselves. Failure to resolve problems in an agreeable fashion may result in disciplinary action.
